Be a Part of Something Bigger – Join Our Cause

West Virginia is often viewed as an unhealthy place to live. Much of this opinion unfortunately comes from real data. We are the most obese state and #50 when it comes to trails. Eight years ago with the help of local partnerships we set out to change that. With the awareness we needed funds to achieve large goals, Freedom's Run was born, and a year later Harpers Ferry Half Marathon.

The idea was to host an event series that gave citizens awareness of healthy living, promote outdoor activity, and in the process discover the rich history of the area.
